Community Aged Care & NDIS — Price Guide

Support at Home · CHSP · NDIS · Group Programs — Effective June 2026

This guide covers GC Integrative's funded and group-based services for community aged care and NDIS clients. Community Aged Care pricing applies to both Support at Home and CHSP clients — the same rate either way. Government and provider-funded services are billed to the registered provider, coordinator or scheme; participants never pay GC Integrative directly.

Community Aged Care · Support at Home & CHSP

One schedule for community aged care — the same rate whether the client is funded under Support at Home or CHSP. Funding is administered per each program's rules; the clinician's rate is identical.

Standard Session (60 min, direct)

Zone	Standard (6am–8pm)	After-hours	Saturday	Sunday	Public hol.
Core	\$260	\$312	\$390	\$520	\$650
Extended	\$300	\$352	\$430	\$560	\$690
Outer	\$340	\$392	\$470	\$600	\$730

Applies to community aged care clients under both Support at Home and CHSP — the same rate either way. Standard hours 6am–8pm. Travel and administration are built into the unit price (no separate line items). Additional clinical time beyond 60 minutes is billed in 15-minute increments. GST-free.

Comprehensive Initial Assessment (90 min)

Zone	Standard (6am–8pm)	After-hours	Saturday	Sunday	Public hol.
Core	\$550	\$660	\$825	\$1,100	\$1,375
Extended	\$590	\$700	\$865	\$1,140	\$1,415
Outer	\$630	\$740	\$905	\$1,180	\$1,455

90-minute assessment with goal-based care plan and written summary. After-hours, weekend and public-holiday loadings by prior agreement.

Indirect Clinical Activities

Indirect activity	Rate
Clinical indirect — assessment report, care plan, progress report, coordinator liaison, MDT	\$180 / hr
Complex indirect — case conference, AN-ACC / facility documentation, complex family meeting	\$220 / hr

NDIS Therapy Services

Capacity Building — Improved Daily Living

NDIS therapy service	Rate
Physiotherapy session	\$183.99 / hr
Travel time	\$91.99 / hr (50% of price limit)
Travel time cap	30 min metro · 60 min regional
Non-labour travel (km)	Up to \$0.99 / km

Subject to the current NDIS Pricing Arrangements and Price Limits at the time of service.

Group & Community Programs

Service	Setting	Price
Physio-Qi group program — 1x/week	Residential aged care	\$3,600 / month
Physio-Qi group program — 2x/week	Residential aged care	\$6,400 / month
Facility setup & clinical onboarding	One-off per facility	\$1,500
Retirement village group session	Per person · 60 min	\$99 (min 10)
Community workshop	Per person · 90 min	\$149 (min 8)
Premium masterclass	Per person · 3 hr	\$297
Physio-Qi Community Gathering	Per person · 45–60 min	\$40
Free Neighbourhood Morning Practice	Community · weekly	Free

Facility group programs are flat monthly fees (4 or 8 x 60-minute sessions). Retirement-village, community and masterclass offerings are general and educational in nature and not a substitute for individual assessment. GST treatment of education and group offerings to be confirmed with the practice accountant.

Session Time, Charges & Cancellations

Each visit is scheduled for a minimum of one hour. If a session runs beyond the scheduled time, the additional time is billed in 15-minute increments, rounded up to the next interval, at the applicable rate. We always aim to deliver each session efficiently and will keep you informed of any change to your scheduled support.

Cancellations

Cancellations and rescheduling follow the rules of your funding program. Under NDIS short-notice provisions and most aged-care provider agreements, a cancellation or no-show with less than 2 clear business days' notice may be charged at the full session rate to your plan or provider. We'll always work with you and your coordinator to reschedule wherever possible.

Clinical & registration. All physiotherapy is delivered by AHPRA-registered physiotherapists. Clinical physiotherapy is generally GST-free.

Community aged care & NDIS. Community Aged Care pricing applies across both Support at Home and CHSP. Funding is administered under each program's rules — CHSP within National Unit Price Ranges (with client contributions); Support at Home fully provider-funded, with travel and administration built into the unit price (no separate fees). NDIS rates are subject to the current NDIS Pricing Arrangements and Price Limits at the time of service. Participants do not pay GC Integrative directly for funded services — invoices are issued to the registered provider, coordinator or scheme.

Group & community. Group, retirement-village, community workshop and masterclass offerings are general and educational in nature and not a substitute for individual physiotherapy assessment, diagnosis or treatment. GST treatment of education and group offerings is to be confirmed with the practice accountant.

Consent & scope. All physiotherapy is delivered within the APA scope of practice for AHPRA-registered physiotherapists. Informed consent is obtained for assessment, treatment and for AI-assisted live session documentation, which clients may decline. Eastern movement modalities are used as adjuncts to evidence-based physiotherapy, never as stand-alone treatment.

General. Prices are current at June 2026 and are reviewed periodically. This guide is a pricing reference, not advertising of treatment outcomes.
